

Honoris United Universities is the first private pan-African higher education network committed to preparing and educating the next generation of African leaders and professionals able to impact regionally in a globalized world.

Collaborative intelligence, cultural agility and mobile mindsets and skills are at the heart of Honoris' vision of higher education.

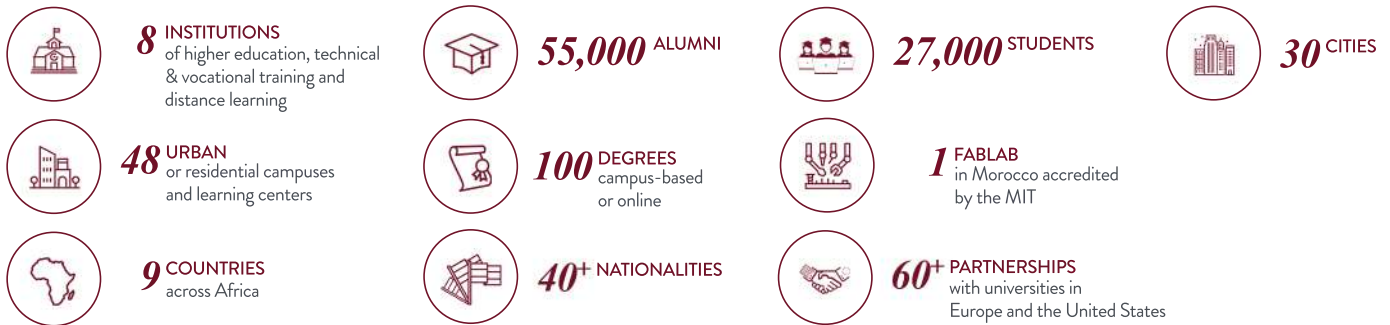

Honoris United Universities joins the expertise of its member institutions to prepare pan-regional profile graduates that are competitive in today's fast-paced and demanding labor markets.

OUR MISSION

Our mission is to prepare and to educate solutions-oriented leaders and professionals able to operate successfully in the world's youngest and fastest growing continent, individuals capable of impacting tomorrow's economies and communities.

Ambitious and responsible, Honoris United Universities' graduates will have a competitive advantage in the job market: a multicultural academic experience and a pan-African professional immersion coupled with a student experience of international standards.

KEY FACTS

OUR VALUES

We believe in **collaborative**, **agile** and **mobile** mindsets and skills.

Collaborative Intelligence

Collaborative intelligence is at the heart of our innovative vision of higher education. It brings together the knowledge and practices of several countries and communities to form a new generation of operational leaders, capable of impacting tomorrow's societies and economies. Collaborative intelligence will drive our activities and embolden our purpose-driven mission.

Cultural Agility

In a world of challenges and opportunities, of complexity and speed, we aim to create confidence in responding to shifting skills, thinking and human engagement. Our culturally agile faculty and graduates will help develop Africa's role regionally and globally.

Mobile Employability

We work with employers and aim to understand their needs. We support entrepreneurship and believe in the power of small and medium-sized enterprises. By working together across our member institutions, we can create genuinely differentiated and responsive education offerings. We believe in full mobility, in enabling a mobile mindset, ready for regional and international employability and participation.

Academic Excellence

At the heart of our commitment to root the aspirations of our communities is an earnest and suitable learning environment with clear academic standards. Our programs, faculty, systems, infrastructure and outcomes will echo this core. Independent quality assurance and reviews will buttress this belief.

A rich student experience

Our member institutions make a concerted effort to engage the student: professionally in their administrative interactions; ambitiously in their academic participation; and comprehensively in personal development – from our residential offers and online interactions, to events, clubs, networking and campus-based activities.

OUR NETWORK

MEMBER INSTITUTIONS

Université Centrale, Tunisia - A leading private multi-disciplinary university ranked #1 in Tunisia by Unirank. Founded in 2001, it gathers four schools: Architecture & Engineering, Business & Law, Media & Journalism, and a Health Sciences school that is a reference in the Maghreb with cutting-edge simulation centers. Students enjoy 10 smart city campus sites in the city of Tunis.

Institut Maghrébin des Sciences Economiques et de Technologie (IMSET), Tunisia - With more than 15,000 alumni and 25 years of experience, IMSET is the first and leading private institute for technical and vocational training in Tunisia located in the cities of Tunis, Sousse and Gabès.

Académie d'Art de Carthage (AAC), Tunisia - Founded in 2008 in the city of Tunis, AAC is a vocational training school for Arts and Design. The students benefit from a unique partnership with the Cannes Film Festival in France.

Université Mundiapolis, Morocco - One of the first private multi-disciplinary universities of the Kingdom with a unique location in Casablanca's Aeronautic Hub, the one of its kind in Africa. Mundiapolis is renowned for its employability programme across the region and is one of the most international university blending French and Anglo-Saxon approach to higher education.

Ecole Marocaine des Sciences de l'ingénieur (EMSI) - Established in 1986, EMSI is the largest private school of engineers in Morocco. A pioneer for more than 30 years, it is part of a dynamic of innovation that has been constantly renewed since its creation and has been a recipient of several awards internationally. The Innovation Center of EMSI, the SmartiLab is a FabLab accredited by the Massachusetts Institute of Technology (MIT).

Regent Business School (RBS) - A premium management education institution to shape leaders for business and society in South Africa since 1998. Within the context of globalisation, RBS has established centres of excellence and these operate in partnership with other global organisations: The Institute of Entrepreneurship; The centre for Islamic Finance and Banking; The Centre for the BRICS Business Schools Association; and The Centre for Public Sector Administration Management and Innovation.

The Management College of Southern Africa (MANCOSA) - Southern Africa's leading private distance education institution. Established in 1995 as a post-apartheid empowerment institution offering accredited, accessible and affordable management education primarily to persons previously denied access to postgraduate education in South Africa. Today, Mancosa [GSB]'s Executive Education offers innovative insights and professional training to nurture the talent that is required by organizations to get ahead.

YKBS - Was founded in 2002 as a private tertiary education institution, specialised in providing supported distance education at the undergraduate and post-graduate levels in the fields of Business Administration and Law. The institution is based in the Highlands area since 2012. In 2013, the institution also began to provide undergraduate programs on a full-time mode of delivery. Its academic offer includes programmes from leading partners, including programmes from BPP University and ABE both from the UK. YKBS is authorised by the Tertiary Education Commission (TEC) of Mauritius to deliver tertiary programs.

EDUCATION FOR IMPACT™

We educate for impact and we are committed to developing this belief as a mindset within our pedagogical approach. Our graduates will be competitive in their endeavors and will drive change and leadership in their communities and countries.
